The Cat Prison Break
Papi Nyang
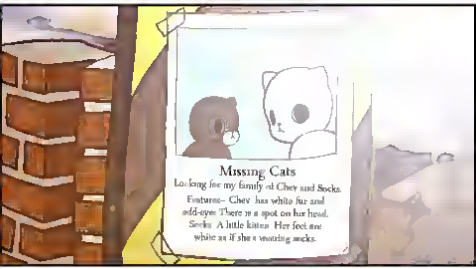
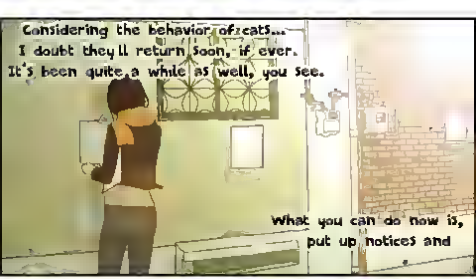
Track 18. The Day after the Break-up

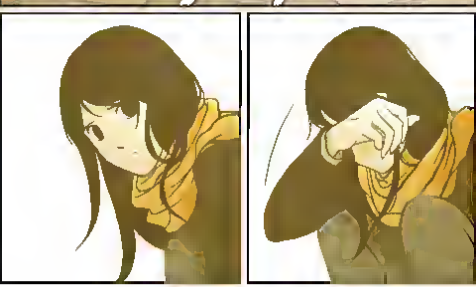


Missing Cats
Looking for my family of Chey and Socks.
Features- Chey has white fur and odd-eyes. There is a spot on her head.
Socks A little kitten. Her feet are white as if she's wearing socks.



Considering the behavior of cats...
I doubt they'll return soon, if ever.
It's been quite a while as well, you see.
What you can do now is,
put up notices and

scatter their litter on the nearby street, so they can
return by smelling the scent of their feces.



You stupid girl...
If only you closed the window...

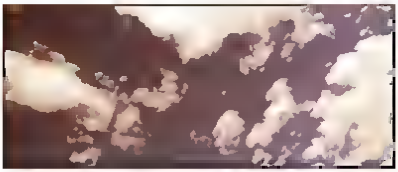
This would have never happened...

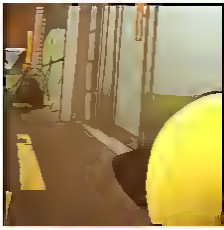
Royal canin
I basically invited them outside...

I wonder...are they eating well?

Sob

Sob sob..





Your mom is over there. Just a little bit further

But why can't we see her? Is it still too far away?

Let's go and have a look.

YOU SAID SHE'D BE HERE! WHERE IS SHE?!

Inside?

Maybe we can't see her because she's in...

KYAA-AAH!

RUN!
Are...Aren't you...?

Miss Dong-I s cats?

BUZZ...

REALLY?

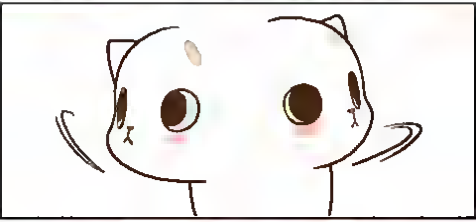
YES! I'LL BE THERE RIGHT NOW!

Phew~
That was close

What should we do now?

We must keep watching, if what he says is true!

Where is he?



Huh? Where did everybody go?

The Cat Prison Break Papi Nyang

Afterword

It's already been half a year, and the manhwa has come to an end. It was my debut piece, so I have many regrets and I feel that the manhwa leaves much to be desired.

Here are answers to some of the questions I've been asked by readers over the course of serialization.

Papi Nyang is:

a manhwa based on this guy's "escape attempts"

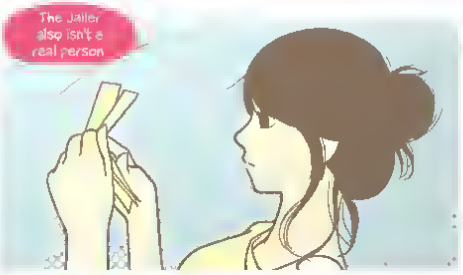
I modeled the main characters,
Chev and Socks, after my real cats.

고양이
Chev... my one and only mixed cat in the whole world...
"Jackie" because she's wearing a jacket

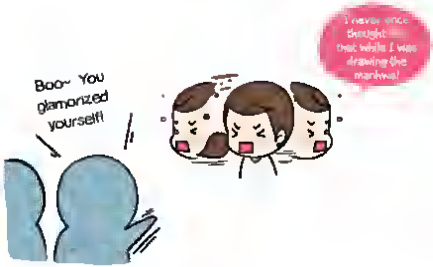
Just like the manhwa, when I took Socks in, she had lost her mother and was alone.

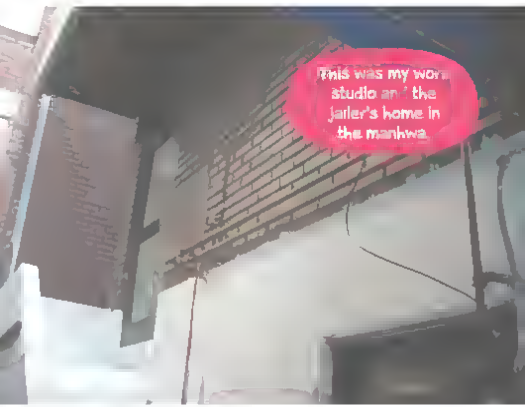
But, 70% of the manhwa is made up

The other cats don't exist in real life, but you can find them easily all around you.



She is definitely not me!





Located somewhere in Seoul.

There were so~~~ many cats in the area.

I took hundreds of photos to use as the background.
I would have thought the times when I hated cats and then learned to love them.
It's quite a meaningful place for me.

Lastly, the subject that drew so many questions!

여기가 사람들만 사는 곳이냐?
Prior to his death, King Joe returns to a place that provided the backdrop to many of the events
And there he talks with the dead old cat.

It wasn't the old cat's ghost, but an illusion that King Joe himself had conjured up.

In other words, he was having a conversation with himself, for the last time.

King Joe's death elicited grief and sadness from many readers, and I also felt a deep regret.

But to show the ins and outs of the world ("the jail") through Papi Nyang and portray the realities of cats that live in there, there was no other choice I could've made.

What I wanted to tell through Papi Nyang wasn't that people should love cats or that animals deserve more protection than humans I wanted to say, "This world isn't where only humans live."

In Jan. '08, I started my first draft, "A Generous Cat."

Then in April '08, the Best Challenge...

And in August '08, the Naver Webtoon

Papi Nyang has been with me from the start to my debut.

I don't have any definite plans for Season 2, but I'd love to do it should an opportunity come along. And I hope to continue drawing manhwa about cats.

My next manhwa is due to start around May~ June 2009, based on horror & thriller themes.

Finally, I'd like to thank my family, friends, colleagues and fans from fan communities for their continued support and encouragement during the serialization of Papi Nyang, and once again, a word of thanks to everyone who followed my debut piece till its completion. Thank you.

I dedicate this manhwa to every King Joe and Half-Tail in the world.

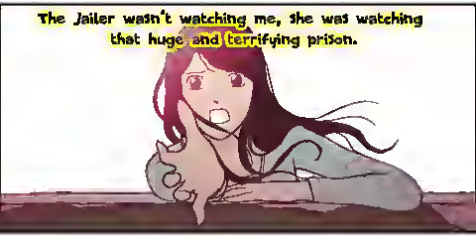
Well, it isn't like any exciting or fun
things happened like I always dreamed of.

But nonetheless, I managed to escape.

From that huge and terrifying prison...

Nothing has changed.
CHEV!
Ah... Except for one thing.

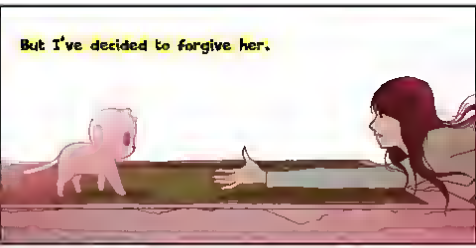
I've finally understood what that fool does.



The Jailer wasn't watching me, she was watching that huge and terrifying prison.

Of course, when I think about it...

I can't say I'm fully happy with her.
Seeing how noisy she gets when I sleep, and
since she neglects to clean the toilet at times.



But I've decided to forgive her.

Hidden track 08. My Day

You already have two. Aren't they hard to handle already?

Not at all~

There are so many benefits from having them.

My life changed completely ever since I started keeping cats.

Now my eyes snap open automatically in the morning.
I'm an early riser these days.

And you won't imagine just how industrious I've become.

Naturally, I get to work out more,

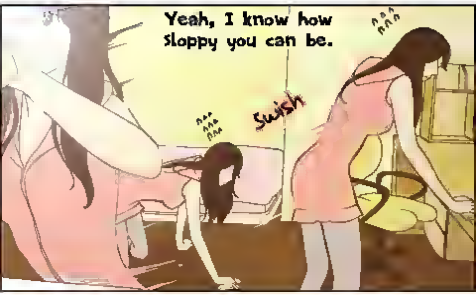
Remember how I really hated cleaning?



Yeah, I know how sloppy you can be.
Sucksh

Do you know what I'm like these days?
Rattle
whew...

I clean twice a day: once in the morning and once in the evening.

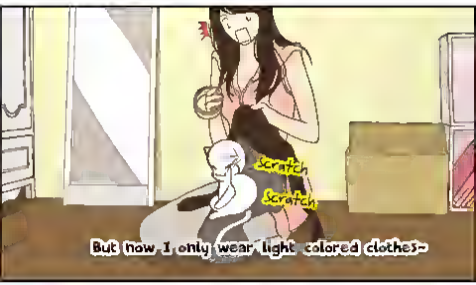
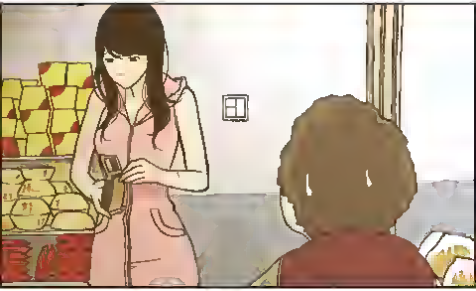
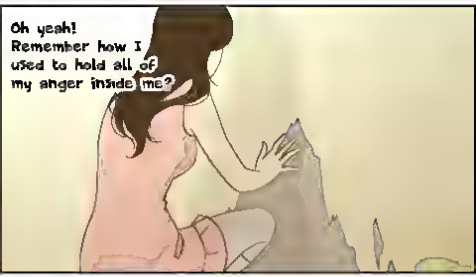
And it's not just that.
Since I've started living a more regular lifestyle, I think my personality has changed, too.
I've become more positive!



And I naturally became more sociable around other people



The Ajummas in the neighborhood would hold my hand and say 'Hang in there!' whenever they see me.
She must be getting beaten, huh?
You see those marks?



Oh yeah!
Remember how I used to hold all of my anger inside me?
